

# DOCTORAL THESIS MONITORING MODULE

Once inside the **doctoral thesis monitoring** module, go to the application's homepage: **Thesis tutorial and supervision**. (Members of the **doctoral programme's Academic Committee** must be sure to select that user profile (Academic Committee or Thesis Supervisor/Tutor) when logging in.)

## MENTORING AND SUPERVISING THESES

This screen shows the **list of students whose theses you are supervising**. If you wish, you can also access the list of students you are tutoring.

You will see the following information:

<u>Surname(s) and name</u>	Start date ↕	Reading date ↕	Deadline ↕	Administrative situation ↕	Syllabus ↕	Thesis title ↕	Decree ↕
----------------------------	--------------	----------------	------------	----------------------------	------------	----------------	----------

To sort any of these fields, simply click on the heading. Note: Deadlines for depositing theses will be shown in red when they are less than one year away.

Select the doctoral student whose record you would like to access. To the left of each name, you will find one of the following two icons:  to **edit** or  to **view**. Remember, you can only edit and enter information for students enrolled in programmes governed by Spanish Royal Decree 99/2011; you will only be able to view the information for all others.

If the doctoral student has made any changes to his or her record since the last time you accessed it, you will see the icon.  *There are changes*
