

We inform you about the following agreement that was taken in the last meeting of the Teaching Commission of the Department of Information and Communications Technologies in July 2017:

"After being accepted to the PhD program, the assessment of the records of candidates to the **fourth period** of application and in accordance with the criteria of selection, it was agreed to grant PhD fellowships (**predoctoral researcher contracts - PRC**) for the year **2017-18** to the following 10 candidates:

1. ID number: 428486103 (USA), under the supervision of Dr. Gustavo Deco.
2. ID number: 77127845-J (Spain), under the supervision of Dr. J. Blat/R. Marqués
3. ID number: 4474400AA (Italy), under the supervision of Dr. Mireia Farrús.
4. ID number: 37102138-N (Argentina), under the supervision of Dr. Rubén Moreno.
5. ID number 723057255 (Russia), under the supervision of Dr. Horacio Saggion.
6. ID number: AT8926326 (Italy), under the supervision of Dr. Marcelo Bertalmío.
7. ID number: Y4463947-Y (Italy), under the supervision of Dr. Angel Lozano.
8. ID number: 47728083-R (Spain), under the supervision of Dr. Mireia Farrús.
9. ID number: 47946015-P (Spain), under the supervision of Dr. Leo Wanner.
10. ID number: 72808946-P (Spain), under the supervision of Dr. Marcelo Bertalmío

The fellowships (**predoctoral researcher contracts - PRC**) are awarded according to the approved criteria and will have to accomplish the following requirements:

- To renew the fellowship after the first year, students must demonstrate orally proficiency in Spanish or Catalan.
- All fellowships holders (*predoctoral researcher contract holders - PRC*) must state their link to the ICT Department and to the UPF in its researches. "

The specific type of contract corresponding to each selected candidate will be agreed with the relevant tutor.

- (PIPF2): Includes teaching assistance (40 hours) and research tasks. Minimum monthly Gross Salary 996,63€* (664.42€* + extra amount funded by the research project)

- Full PhD DTIC (PIPF1): Includes teaching assistance tasks (60 hours). Gross monthly Salary 996,63€*

Non-EU students will have a reduction of 24% the three first months (till December, if the contract starts in October). The corresponding taxes will be deducted from January when the new fiscal year starts."

(*) These amounts correspond to the wages of 2016-17 academic year

Departament de Tecnologies de la Informació i les Comunicacions

NON ADMITTED CANDIDATES:

Motive:

1 - Not applied to the PhD program; 2 – Not admitted to the PhD program; 3 - No support from a researcher; 4 – Not awarded.
