Special thanks to Lluís Garrido,
the previous seminar coordinator,
for the originals of these slides.

What is the Research Seminar ?

- Weekly seminars consisting of
 - Internal talks (given by the department faculty)
 - External talks (given by invited speakers)
 - Gives the students an overview of the research that is done:
 - inside the department
 - outside the department in related field of research
-
-

It is also a course ...

- Worth 5 ECTS for both master's and PhD students, $5 \times 25 = 125$ hours of work
 - Lasts an entire academic year (not a trimester)
 - Consists of about 30 talks (about 15 internal and 15 external ones)
 - There will be an evaluation! (explained later)
-
-

So what is the 10 ECTS Research Seminar for Master's students?

- Research Seminar I: 5 ECTS (whole year)
 - Internal (Thursdays 15h-16h)
 - External (preferably Thursdays 15h-16h)
