Team Users		
Name	**e-mail**	**NIS**

- The use of this service means the acceptation of its rates.
- PIs are responsible for the expenses of their group members. PIs can ask to add or remove users from their lab.
- PIs are responsible to inform group members about the Terms&Conditions of the services, as well as the personal data processing required to provide the service.
- Service rates can be consulted in our webpage. Any change will be notified.
- SIT will make available to users the tools to know both the current and historic consumption of resources for each lab.
- The amount of disk space invoiced is estimated as the monthly average of daily averages.
- Monthly consumption will be computed the first day of the following month.
- The Department assumes part of the cost for UPF labs. Consumptions lesser than 10€ or 10% of the cost of month consumption.
- The packs only have to get in advance and they will expire in two years since their contraction date.
- The administration of the campus will charge these consumptions to the labs.
- If special needs emerge, ask us for other options of payment. Any alternatives need to be discussed with the direction of the service and approved by the department.
- The reservation of services, cores, disk space, virtualization cores and technicians will be decided previously with the direction of the service.
- All ours storage systems have diverse redundancy systems. However, it is not possible to guarantee the 100% of the information. We cannot accept liability for any loss of information. Each PI is responsible to have important information in alternative systems. Ask us to evaluate alternatives.
