

Date of publication of the job offer: 04/12/2020

Job Offer: PhD Student (Ref. PSR4-3)

Job Description:

Universitat Pompeu Fabra <http://www.upf.edu> and Prof. Tomàs Marqués, ICREA research professor are looking to recruit a PhD student for a PhD on Comparative Genomics Lab website: <http://biologiaevolutiva.org/tmarques/>

Basically the job will be focused on population dynamics from non-invasive samples and captive population dynamics in Great Apes.

Project and Institution that finance the contract :

The work is supported with H2020 European Commission Funds, by grant EC-H2020-2019-ERC CoG-ApeGenomeDiversity-T.Marqués

Official number reference: PREUR01720- EC-H2020-2019-ERC CoG-ApeGenomeDiversity-T.Marqués

Skills and Experience:

The candidate will preferably have a profile in genomics. However, we seek exceptional candidates with a passion for bioinformatics and genomics, the capability to think out of the box, the ambition to work in very innovative projects more than specific profiles.

The capability to think out of the box, the ambition to work in very innovative projects and very good communication skills in English.

Benefits of the opening The successful candidate will be offered a part-time contract, with an annual gross salary around 14.000,00€, commensurable with experience, with the possibility for an extension.
