

Appendix 1. List of subjects and mentors offered in the TMP pilot programme

Subject	Mentor
Developmental Biology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish Neurosciences (Degree in Human Biology) Course language: English	Fernando Giraldez
Molecular Biology of the Cell (Degree in Biomedical Engineering) Course language: Catalan or Spanish Model Organisms (Master in Biomedical Research) Course language: English	Cristina Pujades
General Physiology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish Systems Physiology II (Degree in Biomedical Engineering) Cell Communication (Master in Biomedical Research) Course language: English	Jose Manuel Fernández
Human Physiology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish General Physiology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Paco Muñoz
Structural Biology (Degree in Human Biology) Structural Bioinformatics (Master in Bioinformatics for Health Sciences) Course language: English	Baldomero Oliva
Biochemistry II (Biochemistry) (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Laia de Nadal

Biochemistry II (Molecular Biology) (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Elena Hidalgo
Human Evolution and Health (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish Introduction to Biomedicine (Masters in Bioinformatics, Biomedical Research and Pharmaceutical and Biotechnology Industry) Course language: English	David Comas
Human Evolution and Health (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Elena Bosch
Introduction to Biomedicine (Masters in Bioinformatics, Biomedical Research and Pharmaceutical and Biotechnology Industry) Course language: English Molecular and Cell Biology (Degree in Bioinformatics) Course language: English	Berta Alsina
Neurobiology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish Biological Foundations of Criminology (Degree in Criminology) Course language: Catalan or Spanish Addictive Behaviour and Crime (Degree in Criminology) Course language: Catalan or Spanish	Olga Valverde
Pharmacology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Andrés Ozaita
Cell Biology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Eusebio Perdiguero

Cell Biology (Degrees in Human Biology and Medicine) Course language: Catalan or Spanish	Antonio Serrano
Genomics (Degree in Human Biology) Course language: Catalan, Spanish, English	Jaume Bertranpetit
Mathematics (MAT) (Master in Bioinformatics for Health Sciences) Course language: English Advanced Genome Bioinformatics (AGB) (Master in Bioinformatics for Health Sciences) Course language: English	Eduardo Eyras
