

## Faculty of Economic and Business Sciences 2020/21 Course Catalogue

**It is important that you read the clarifications shown at the top of the catalogue**

We offer courses from our four degrees: IBE is our degree in International Business Economics, ECO is Economics, BA is Business Administration, MGT is Management, DD is Double degree in Law-ECO/BA . The acronym next to the course reflects the degree where it is offered as an obligatory subject, while OPT refers to a course being offered as an elective for most of our degrees. **As an incoming student you can choose any of the courses in the catalogue.**

Some courses are identified as **MQA** (Advanced Quantitative Methods) and these are high demanding courses with a strong quantitative content. **Prerequisite: good background in Mathematics.**

Courses marked as **ECO** are third year courses in Economics that usually require previous knowledge of Macroeconomics, Microeconomics or Econometrics. **Check carefully their prerequisites**

**To make sure the course is the right one for you, before selecting you should check the syllabus of each course** by clicking on the link below, and selecting the center 332 degree (or 304 for DD), course code or course name. Please note that the information refers to the 2019/20 academic course. **Updated syllabus will be posted at the beginning of the term. Please be aware that once the term has started changing courses will most likely not be allowed.**

[SYLLABUS QUERY](#)

**IMPORTANT:** courses in the same time slot are taught at the same time.  
*You should only choose one course per time slot, otherwise your lectures will overlap*

FIRST TERM						
TIME SLOT 1						
Lectures: Thursday & Friday, 08:30-10:00 / Seminars: Wednesday, 08:30-10:00 or 10:30-12:00 or 12:30-14:00
