

Faculty of Economic and Business Sciences

2024/25 Course Catalogue

It is important that you read the clarifications shown at the top of the catalogue

We offer courses from our five degrees: IBE is our degree in International Business Economics, ECO is Economics, BA is Business Administration, MGT is Management, DD is Double degree in Law-ECO/BA . The acronym next to the course reflects the degree where it is offered as an obligatory subject, while OPT refers to a course being offered as an elective for most of our degrees. **As an incoming student you can choose any of the courses in the catalogue.**

Some courses are identified as **MQA** (Advanced Quantitative Methods) and these are high demanding courses with a strong quantitative content. **Prerequisite: good background in Mathematics.**

Courses marked as **ECO** are third year courses in Economics that usually require previous knowledge of Macroeconomics, Microeconomics or Econometrics. **Check carefully their prerequisites**

To make sure the course is the right one for you, before selecting you should check the syllabus of each course by clicking on the link below, and selecting the center 332 degree (or 304 for DD), course code or course name. Please note that the information refers to the 2023/24 academic course. **Updated syllabus will be posted at the beginning of the term. Please be aware that once the term has started changing courses will most likely not be allowed.**

[SYLLABUS QUERY](#)

IMPORTANT:

- Courses in the same time slot are taught at the same time. There are courses with different schedules from the time slots. Their schedule is shown below the course.
- Be careful when choosing courses to avoid overlapping of lectures and seminars.
- Term 1-2 courses must be taken compulsorily in both terms.

FIRST TERM						
TIME SLOT 1						
Lectures: Thursday & Friday, 09:00-10:30 / Seminars: Wednesday, 09:00-10:30 or 11:00-12:30 or 12:30-14:00
