

Name of the project:

Principal Investigator:

Department /UCA:

Research with human participants	NO	YES	PAGE²
Does the research proposal involve infants, school-aged children or teenagers?			
Does the research proposal involve young or adult people?			
Does the research proposal involve older people?			
Does the research proposal involve patients?			
Does the research proposal involve people unable to give consent?			
Does the research proposal involve people with disabilities?			
Does the research proposal involve people who are or run the risk of social exclusion?			
Protection of human data			
Does the research proposal involve personal data collection and/or processing?			
Will the research be gathering data identifying persons directly (names, surnames, DNI, ...)?			
Will the research be gathering data through which persons can be identified indirectly, by crossing with other information, for instance?			
Does the research proposal involve tracking the location or observation of people?			
Does the research proposal involve the collection and/or processing of sensitive personal data (e.g. health, sexual lifestyle, ethnicity, political opinion, religious or philosophical conviction)?			
Are you planning to share the personal data gathered directly from human participants with other researchers?			
Does the research proposal involve processing of personal data of third countries from outside the EU?			
Dual use			
Does the research proposal have direct military use?			
Does your research proposal have the potential for malevolent/criminal/terrorist abuse?			

I confirm that none of the above issues apply to my research proposal.	The project might have some ethics / data protection issues. Proposal enclosed for assessment.
Name, date, signature	Name, date, signature

¹ Please indicate which ethics issues your intended project might have (together with the project issues form) or provide a disclaimer, if none of the issues apply.

² Procedure form
