

POST DOCTORAL FELLOW POSITION

Laboratory of Neuropharmacology-Neurophar
DCEXS, Universitat Pompeu Fabra, PRBB, Barcelona (Spain)

The Laboratory of Neuropharmacology, Universitat Pompeu Fabra, in Barcelona, Spain, led by Rafael Maldonado, seeks to integrate a researcher in his group.

Open position: **Postdoctoral fellow**

Specific issue of the position: **Research of new compounds to treat chronic pain and related disorders using behavioural approaches**

Specific requests: The candidate will be involved in the **development and employment of reliable methods to evaluate new compounds to treat chronic pain (neuropathic, osteoarthritic, inflammatory, visceral) manifestations**. Candidates should ideally hold (or commitment to have it before December 1, 2015) a **PhD degree in Biology, Pharmacology, Neurosciences, Medicine, Psychobiology, Pharmacy** or related subjects and have a scientific-technical background in **behavioural models and in experimental pain paradigms in murine models**. A FELASA Certificate (B or C) in laboratory animals is required.

Offer: the selection is to be carried out immediately, with a **deadline for application on the 15th of October, 2015**, whilst **start working is planned not later than December 1st, 2015**.

Applications should include:

- A full CV
- A short **statement** on why the candidate thinks is fit for the position
- The name (and e-mail address) of, at least, **one referee** to serve as reference for the applicant

Contact: please, send you application (statement plus updated *cv* and referee) **showing the reference POSTDOCTORAL FELLOW NEUROPHAR** by e-mail to info.neurophar@upf.edu
Phone number: (0034) 93 3160866

Further information: <http://www.upf.edu/neurophar>

All dossiers will be handled with confidentiality.

The University Pompeu Fabra is an equal-opportunity employer.
