**cei** CAMPUS  
INTERNATIONAL  
EXCELLENCE

The master's programme in Migration Studies is aimed at people interested in migration and diversity management who are seeking quality university training that combines a solid foundation of theoretical and applied knowledge with a series of useful tools for specializing in the areas of academic research, case studies and comparative studies, including quantitative and qualitative analysis techniques.

The programme's ultimate goal is to train researchers in the field of immigration and diversity in keeping with its guiding principles: academic rationale, scientific rigour and practical application.
