

How to install and activate your personal copy of MATLAB (Student Copy)

MathWorks Account Creation

- Go to <http://www.mathworks.com>
- Create a new MathWorks account

- You should use your university email (@upf.edu) and select the option “Academic use”

Associate with the license

- As soon as you are logged in your MathWorks account click on “Manage Licenses” and then on the button “Add License”:

- Select “Activation Key” and click Continue
- Enter the Activation Key: **13075-45782-33356-36580-09550**

...

and click Continue.

Download the products

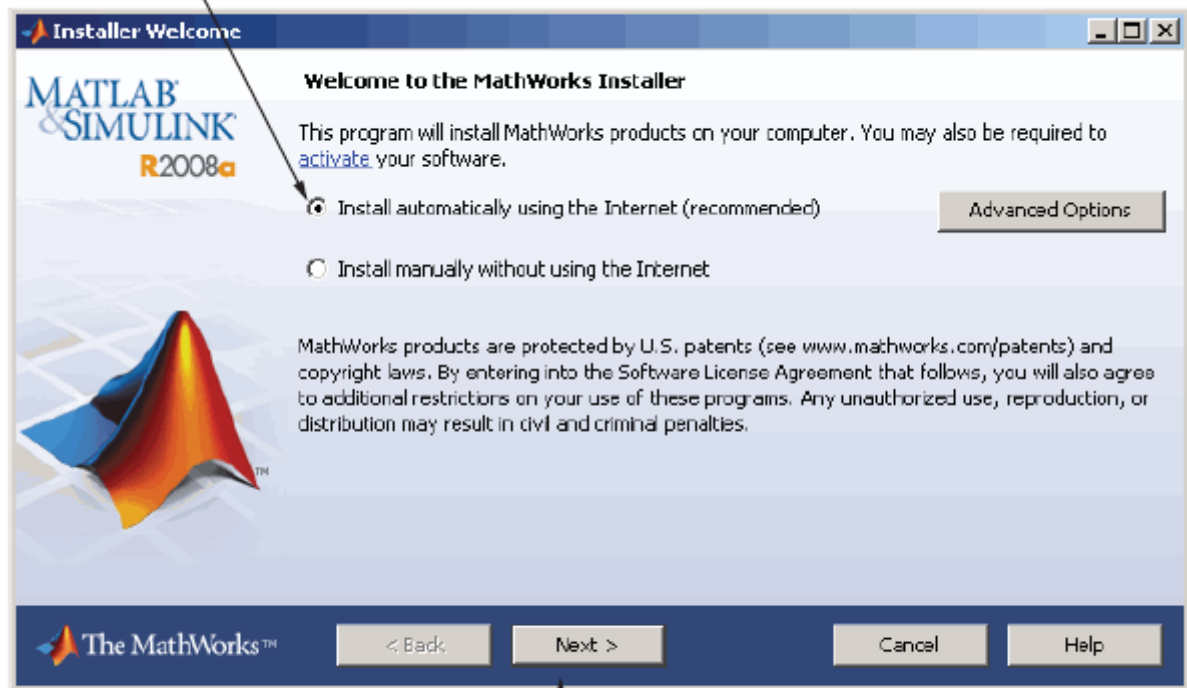

- On your account page you can click on “Get Licensed Product and Updates” to download the installation files.

-

Install

- Select the option: “Install automatically using the Internet”

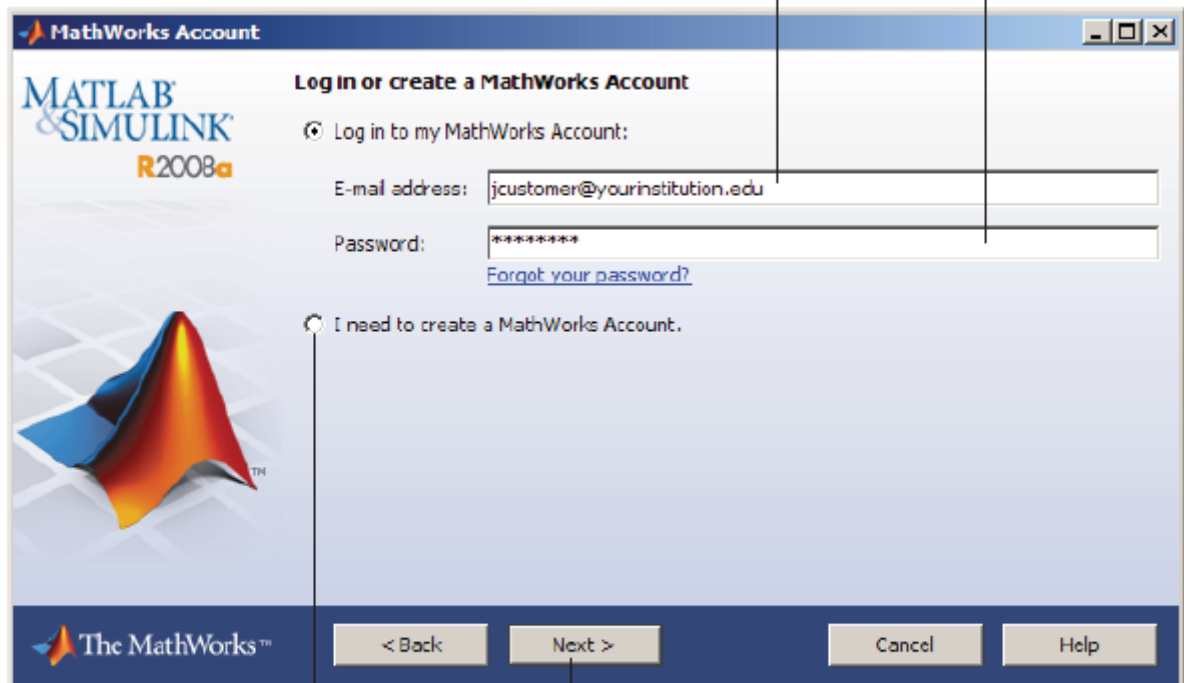

Select this option to install products (recommended).

Click Next.

- Review the License Agreement and click next.
- Login to your MathWorks Account

Enter your university e-mail address and password.

Select this option if you need to create an account.

Click Next.

- Select the license **972350** and click "Next".
- Select the Typical installation, specify your installation folder and start the installation procedure.

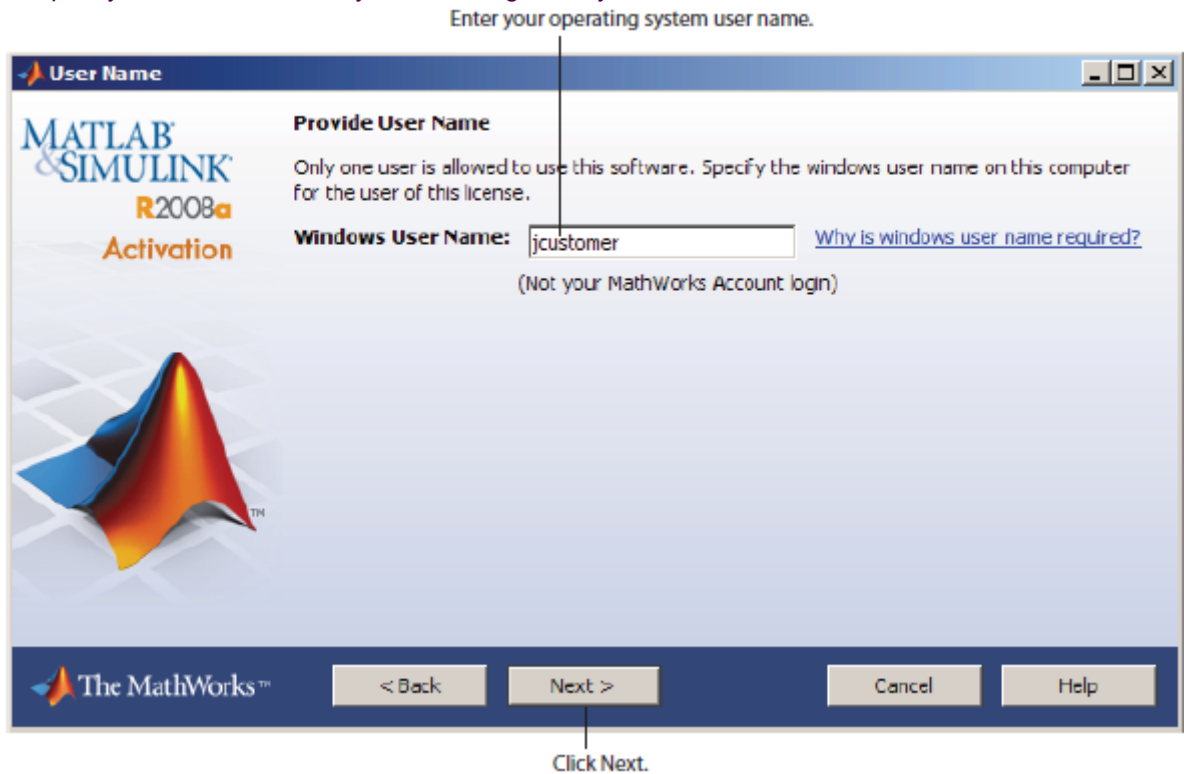

Activate

- At the end of the installation process proceed with activation.
- Select license **972350** and Click “Next”
- Enter your Activation Key: **13075-45782-33356-36580-09550**

...

And click “Next”

- Specify the user name that you use to login into your PC.

- Click Next and then Activate.

If you need installation help please open a Service Request by clicking on “Create new Request” on your MathWorks Account. Fill in a Technical Support -> Installation request to receive direct assistance by MathWorks Installation Support Team.
