2023 IN REVIEW

This report summarizes the research activities, news and trends of the Department of Economics and Business at Universitat Pompeu Fabra (UPF) during the year 2023. Our Department is a large organization with a research and teaching staff of 321 faculty, 109 of which are fulltime professors. We also have a very committed administration staff, a group formed by 14 people.

During 2023 a number of the Department faculty members received Research Fellowships and Research Professorships of various types, allowing them to reduce their teaching load and providing them with additional research funds. In particular, four Ramón y Cajal grants were awarded to Dmitry Kuvshinov, Alberto Santini, Lorenzo Cappello and Fabian Gaessler. Furthermore, we are pleased to mention that three grants from the BBVA Foundation, were awarded to researchs teams led by Gianmarco León-Ciliotta, Gábor Lugosi and Jose García-Montalvo respectively. Finally, a grant from the Ramon Areces Foundation was awarded to Björn Richter.

During 2023, a total of 46 full-time professors of the Department held an individual Research Fellowship/Professorship. This represents around 44% of all fulltime professors.

The 2023 job market took place for the Management area only. We received 177 applications and had 11 flyouts. We had a busy schedule of seminars and conferences: the Department organized 181 seminars during 2023, which amounts to around 4 seminars per week. We would also like to mention that we had 6 PhD students in the job market who found jobs at the University of Oxford, the Columbia Business School, and the Harvard University among others.

RESUM DEL 2023

Aquesta memòria recull les activitats de recerca, les notícies i les tendències del Departament d'Economia i Empresa de la Universitat Pompeu Fabra (UPF) durant l'any 2023. El nostre Departament és una organització extensa formada per 321 membres de personal docent i investigador, 109 dels quals són professors a temps complet. També disposem d'un diligent servei de personal d'administració i serveis, format per 14 persones.

Durant el 2023, diversos membres del professorat del Departament van rebre beques de recerca i càtedres de recerca de diferents tipus, cosa que els va permetre reduir la seva càrrega docent i els va proporcionar fons addicionals per a la recerca. En particular, quatre ajuts Ramón y Cajal van ser atorgats a Dmitry Kuvshinov, Alberto Santini, Lorenzo Cappello i Fabian Gaessler. A més, ens complau mencionar que tres ajuts de la Fundació BBVA van ser concedits a equips de recerca liderats respectivament per Gianmarco León-Ciliotta, Gábor Lugosi i Jose García-Montalvo. Finalment, una beca de la Fundació Ramon Areces va ser atorgada a Björn Richter.

Al llarg del 2023, un total de 46 professors a temps complet del Departament han gaudit d'un ajut/càtedra de recerca. Això representa al voltant del 44% del conjunt de professors a temps complet.

El Job Market del 2023 s'ha dut a terme en l'àrea de Management. Hem rebut 177 sol·licituds i hem entrevistat 11 candidats. Hem tingut una agenda plena de seminaris i conferències: el Departament ha organitzat 181 seminaris durant el 2023, la qual cosa significa uns 4 seminaris per setmana. També voldríem esmentar que hem aportat 6 estudiants de doctorat al Job Market els quals han trobat feina, entre d'altres llocs, a la Universitat d'Oxford, la Columbia Business School i la Universitat de Harvard.

CURRENT RESEARCH

The goal of the UPF Department of Economics and Business is to promote high quality research. It is expected that its faculty members publish in the leading international journals, and both hiring and promotion depend crucially on the publishing record. The long list of 2023 publications and forthcoming papers, listed in the corresponding section of this report, is the reflection of the importance that the Department places in high quality research.

The Barcelona School of Economics has recently been ranked by RePEc among the top 12 Economics Departments in the world, the top 4 in Europe and the top one in Spain.

No research oriented department can acquire scope and breadth without a potent graduate programme.

Our Masters in Economics and in Finance are part of the Barcelona School of Economics.

Our Graduate Programme is a partner in the European Doctoral Program in Quantitative Economics which aims to promote the exchange of doctoral students between the following universities: The London School of Economics, the European University Institute (Florence), the Université Catholique de Louvain, the Paris School of Economics and the Universität Bonn.

The Department includes four research centres: BESLab: Behavioral Sciences Laboratory (Experimental Economics), BCBS (Barcelona Center for Banking Studies), CRES (Health Economics) and BARG (Business Analytics Research Group), it has close connections with CREI (Macro and International Economics) and is part of the BSE (Barcelona School of Economics), as well as of IPEG (Institute of Political Economy and Governance).

RECERCA EN CURS

L'objectiu del Departament és promoure la recerca de més alta qualitat. S'espera dels seus professors que publiquin a les millors revistes internacionals, en tant que l'aplicació de la política de provisió de places en vies de permanència (tenure track) i la de consolidació del professorat depèn de manera crucial del seu historial de publicacions. La llarga llista del 2023 de publicacions i d'articles acceptats que apareixen a les seccions corresponents d'aquesta memòria és el reflex de la importància que el Departament dóna a la investigació d'alt nivell.

La Barcelona School of Economics ha estat recentment classificada pel RePEc entre els 12 millors departaments d'economia al món, el quart a Europa i el primer a Espanya.

A banda d'això, cap departament orientat a la recerca pot assolir la seva plenitud sense un programa de postgrau de qualitat. Els nostres màsters d'Economia i Finances són part de la Barcelona School of Economics.

El nostre Programa de Postgrau és un soci en el Programa de Doctorat Europeu en Economia Quantitativa que té com a objectiu promoure l'intercanvi d'estudiants de doctorat entre les universitats següents: la London School of Economics, l'Institut Universitari Europeu de Florència, la Universitat Catòlica de Lovaina, la Paris School of Economics and la Universitat de Bonn.

El Departament gestiona quatre organismes de recerca propis: BESLab: Behavioral Sciences Laboratory (Economia Experimental), BCBS (Finances), CRES (Economia de la Salut) i BARG (Business Analytics Research Group), té estretes relacions amb el CREI (Macro i Economia Internacional) i forma part de la BSE (Barcelona School of Economics), així com de l'IPEG (Institute for Political Economy and Governance).

- Research centres Organismes de recerca

BARG

Business Analytics Research Group (BARG)

Business Analytics focuses on transforming data into insights to improve the performance of an organization. The **BARG** at Pompeu Fabra University focuses on developing data-driven analytical approaches, as mathematical models, methods and algorithms from the areas of Artificial Intelligence, Operations Research and Statistics, to help making better decisions in Businesses and Organizations in general. The BARG has a large experience in applying the Business Analytics approaches to several large-scale and complex optimization problems arising in different fields, as for example in the Transportation, Retailing, Healthcare, Logistics and Manufacturing industries.

Business Analytics Research Group (BARG)

"Business Analytics" se centra en la transformació de dades en informació per millorar el rendiment d'una organització. El BARG de la Universitat Pompeu Fabra se centra en el desenvolupament d'enfocaments analítics basats en dades, com ara models matemàtics, mètodes i algoritmes de les àrees d'Intel·ligència Artificial, Investigació Operativa i Estadística, per ajudar a prendre millors decisions en empreses i organitzacions en general. El BARG té una àmplia experiència a l'hora d'aplicar els enfocaments de "Business Analytics" a diversos problemes d'optimització a gran escala que sorgeixen en diferents àmbits, com per exemple en les indústries de Transport, Distribució, Assistència Sanitària, Logística i Manufactura.

BCBS

Barcelona Center for Banking Studies (BCBS)

The **Barcelona Center for Banking Studies** was founded in 2015 and comprises a number of researchers of Universitat Pompeu Fabra that share a common interest in banking. The Center coordinates and promotes several activities like seminar series and the Workshop on Financial Intermediation, Risk and Liquidity that takes place during the BSE Summer Forum.

Barcelona Centre for Banking Studies (BCBS)

El **Barcelona Center for Banking Studies** (Centre d'Estudis Bancaris, Barcelona) s'ha establert el 2015 i està compost per investigadors de la Universitat Pompeu Fabra que comparteixen un interès comú en la banca. El Centre coordina i promou diverses activitats com els seminaris, que tenen lloc durant l'any, i el workshop sobre la intermediació financera, risc i liquiditat que té lloc durant el Fòrum d'estiu de Barcelona GSE.

BESLab

Behavioral Sciences Laboratory (BESLab)

The **Behavioral Sciences Laboratory** (BESLab) was created in 2014 as a joint effort involving the merging of the first experimental economics laboratory in Spain, LeeX, the experimental lab of the Department of Economics and Business and the Department of Political and Social Sciences laboratory. This new interdisciplinary laboratory brings together researchers from psychology, experimental economics, marketing science, political science, sociology, neuroscience and other relevant fields. In addition to its role as the experimental platform for research, the BESLab hosts a number of conferences on experiment-based approaches and methods. It holds annually a summer school for doctoral students, and workshops for researchers specializing in experimental macroeconomics. The laboratory and the different software platforms managed by the BESLAB are also used for (in-class) experiments in the undergraduate, master, and graduate programs run by the department.

Behavioral Sciences Laboratory (BESLab)

El **Laboratori de Ciències del Comportament** (BESLab) va ser creat el 2014 amb la fusió del primer laboratori d'economia experimental d'Espanya (LeeX, 1991) i el recent laboratori del Departament de Ciències Polítiques i Socials. Aquest laboratori interdisciplinari reuneix investigadors en economia, psicologia, política, sociologia, neurociència i altres camps rellevants. A més de la seva funció com a plataforma experimental per a la investigació, el BESLab organitza conferències sobre aplicacions dels mètodes experimentals i convoca anualment una escola d'estiu per a estudiants de doctorat, professors i investigadors especialitzats en macroeconomia experimental. El BESLab també col·labora en l'ús d'experiments a l'aula, tant en els cursos de grau com de postgrau.

CRES

Center for Research in Health and Economics (CRES)

CRES is a research center at Pompeu Fabra University that specializes in research on health and economics. CRES was founded in 1996 by its current director, Guillem López Casasnovas, its members are professors from both the Department of Economics and the Department of Experimental and Health Science at UPF as well as professors from other Universities and members of health organizations. Research at the CRES has a strong multidisciplinary component, in the intersection of health, public, demographic, and labor economics, with a strong focus on equity considerations and a vocation to contribute to current policy debates. CRES participates in several European projects and international networks in the area of health economics.

Centre de Recerca en Economia i Salut (CRES)

El **CRES** és un centre de recerca de la Universitat Pompeu Fabra que està especialitzat en recerca en economia i salut. El CRES es va fundar l'any 1996 pel seu actual director, Guillem López Casasnovas, i els seus membres són professors tant del Departament d'Economia i Empresa com del de Ciències Experimentals i de la Salut de la UPF així com professors d'altres Universitats i membres d'organitzacions dedicades a la salut. La recerca del CRES es caracteritza per una forta vocació multidisciplinària, a la intersecció de l'economia de la salut, laboral, l'economia pública, i la demografia; amb un èmfasi pronunciat en qüestions d'equitat i la vocació de contribuir als debats sobre el disseny de polítiques públiques. El CRES participa en diversos projectes europeus així com en xarxes internacionals en l'àrea d'economia de la salut.

BSE

Barcelona School of Economics (BSE)

The **Barcelona School of Economics (BSE)** promotes frontier research and postgraduate studies in Economics. It is a pioneering initiative that brings together four academic units with strong international reputations and a history of leadership in the field:

- Department of Economics and Business at Universitat Pompeu Fabra
- Unit of Economic Analysis at Universitat Autònoma de Barcelona
- Institute for Economic Analysis (IAE-CSIC)
- Center for Research in International Economics (CREI)

The joint efforts of the BSE academic units have positioned it among the world's top Economics research groups. Evidence of the BSE community's strength includes:

- Competitive rankings for research output: Top 10 in Europe and 1st in Spain (RePEc)
- Consolidation of the BSE Summer Forum as one of the world's premier Economics conferences (700+ participants annually)
- Two Severo Ochoa Excellence Accreditations (2012-15 and 2016-19)

> <https://bse.eu/>

Barcelona School of Economics (BSE)

La **Barcelona School of Economics (BSE)** promou la recerca de frontera i els estudis de postgrau en Economia. Es tracta d'una iniciativa pionera que reuneix quatre unitats acadèmiques amb una sòlida reputació internacional i de lideratge històric:

- Departament d'Economia i Empresa de la Universitat Pompeu Fabra
- Unitat d'Anàlisi Econòmica de la Universitat Autònoma de Barcelona
- Institut d'Anàlisi Econòmica (IAE-CSIC)
- Centre de Recerca en Economia Internacional (CREI)

Els esforços conjunts de les unitats acadèmiques de la BSE, l'han posicionat entre els principals grups de recerca en Economia a nivell mundial. Les següents dades evidencien la fortalesa de la BSE:

- Rànquings competitius de resultats en recerca: Top 10 a Europa i nº1 a Espanya (RePec)
- Consolidació del BSE Summer Forum com una de les principals conferències en economia a nivell mundial (més de 700 participants a l'any)
- Dues distincions d'excel·lència Severo Ochoa (2012-15 i 2016-19)

CREI

CREI Research Centre in International Economics

CREI is a research institute sponsored by the Catalan Government (Generalitat de Catalunya) and the Pompeu Fabra University. Its research activities focus on international economics and macroeconomics. The objective of CREI is to promote research subject to the highest standards of academic scholarship. The research activities are carried out by CREI's own group of researchers, as well as several research associates from the UPF community. All of them share a commitment to CREI's ultimate aim: to contribute to a better understanding of the economic forces that shape modern societies.

CREI Centre de Recerca en Economia Internacional

El **CREI** és un institut de recerca patrocinat per la Generalitat de Catalunya i la Universitat Pompeu Fabra. Les seves activitats es centren en l'economia internacional i la macroeconomia. L'objectiu del CREI és promoure la recerca d'acord amb els estàndards acadèmics més alts. Les activitats de recerca són portades a terme pels investigadors propis del CREI i pels investigadors associats del DEE de la UPF. La missió final del CREI és contribuir a una millor comprensió del funcionament de l'economia en la societat contemporània.

IPEG

IPEG Institute for Political Economy and Governance

The **Institute of Political Economy and Governance (IPEG)** is a research center that focuses on the interaction between politics (political regimes and institutions, political order and conflict, the aggregation of preferences and interests) and economics (development, the economic cycle, redistribution and welfare), although the multidisciplinary perspective of IPEG extends to sociology, history, archeology, etc. The final objective is to understand the ultimate causes of development and how to prevent conflict. We rely on an evidence based methodological approach using data science techniques applied to large datasets (satellite imagery, GPS events' positioning, very detailed information on population spatial distribution, etc.).

In addition to producing and distributing research with international impact, IPEG's strategic objectives include fostering greater integration among various parts of the social sciences in Barcelona, particularly among political science, economics, sociology and history.

><http://barcelona-ipeg.eu/>

IPEG Institute for Political Economy and Governance

L'**IPEG** és un centre de recerca que se centra en la interacció existent entre la política (règims polítics i institucions, ordre polític i conflicte, agregació de preferències i interessos) i l'economia (desenvolupament, cicle econòmic, redistribució i benestar).

A més de crear i de difondre la recerca d'impacte internacional, els objectius estratègics de l'IPEG inclouen els d'afavorir una major integració de les diferents parts implicades en les ciències socials a Barcelona, específicament pel que fa a les ciències polítiques, l'economia, la sociologia i la història.

- Working papers Documents de treball

The Department publishes a Working Paper Series whose main objective is to report on research developed by its professors, previous to the publication of the research in well-known professional journals.

The Working Paper Series can be found through the following link:

> <https://www.upf.edu/en/web/econ/papers>

El Departament disposa d'una Working Paper Series, l'objectiu principal de la qual és divulgar, de manera prèvia a la publicació en revistes professionals reconegudes, els resultats obtinguts en la recerca que es fa al Departament, per així sotmetre'ls a la crítica professional.

Els Working Papers es troben al següent enllaç:

GRADUATE PROGRAMMES

Master Programmes

These are one-year programmes. Those students awarded the Master's degree will have acquired an excellent grounding in their field and sufficient analytical skills to enter a PhD programme or go into a technically demanding job. The Department offers Master Degrees in Economics, in Finance and also in Management. The first two are managed by the Barcelona School of Economics and the latter by the Barcelona School of Management.

About 90% of the students enrolled in our Masters are foreigners.

Doctoral Track

The MRes is a one-year research master that prepares students for entry to the PhD programme. The purpose of the PhD degree programme is to prepare exceptionally talented students for careers in research and teaching at the world's leading academic institutions, research centres, consulting or financial firms, and international organisations. Students are encouraged to pursue their own research interests from the first year to the completion of their thesis.

The PhD programme is designed to be completed in three years. It is conducted in English and requires full time commitment. Whereas no coursework is required, students may take some courses if needed. The emphasis is on active research.

Interaction with other programmes

The Department is a member of the European Doctoral Programme (EDP). This network includes Bonn University (Germany), the London School of Economics (United Kingdom), the Centre for Operations Research and Econometrics, CORE (Research centre of the Université Catholique de Louvain, Belgium), Delta (Research Centre of L'École des Hautes Études en Sciences Sociales in Paris), the European University Institute (Florence), and the Pompeu Fabra University. Tel Aviv University is also an associate member. The students of this programme may spend one academic year in another member institution.

Professional Careers

As a general rule, the Department does not hire its own PhD graduates. Graduates enjoy tenure track positions in the United States (Princeton, Chicago, Stanford, San Diego, Duke and Yale among others), Europe (Humboldt, Bocconi, Nova da Lisboa, Southampton, University College London, INSEAD, Mannheim, or the London School of Economics,

ESTUDIS DE POSTGRAU

Programes de màster

Es tracta de programes d'un any de durada. Els estudiants que aconseguixin un d'aquests títols adquiriran una excel·lent base en el seu camp i la competència analítica suficient per entrar en un programa de doctorat, o bé optar per una feina amb requeriments tècnics. El Departament ofereix els títols de màster en Economia, en Finances i també en Empresa. Els dos primers els gestiona la Barcelona School of Economics, mentre que el darrer el gestiona la Barcelona School of Management.

Al voltant del 90% dels estudiants matriculats als nostres màsters són estrangers.

Itinerari de doctorat

El MRes és un màster de recerca d'un any de durada que prepara els estudiants per ingressar al programa de doctorat. L'objectiu del programa és preparar els estudiants més brillants per fer carrera en el camp de la recerca i l'ensenyament a les principals institucions acadèmiques, centres de recerca, empreses consultores o financeres, i organitzacions internacionals. S'anima els estudiants a perseguir els seus propis interessos de recerca des del primer any per a la consecució de les seves tesis.

El programa de doctorat està dissenyat per completar-se en tres anys. Es fa en anglès i requereix dedicació a temps complet. Tot i que no hi ha obligació de fer cap assignatura, els estudiants poden participar en algun curs, si calgués. Es posa l'èmfasi en la investigació activa

Interacció amb altres programes

El Departament és membre de l'European Doctoral Programme (EDP). Aquesta xarxa inclou la Universitat de Bonn (Alemanya), la London School of Economics (Regne Unit), el Centre for Operations Research and Econometrics, CORE (Centre de Recerca de la Université Catholique de Louvain, Bèlgica), Delta (Centre de Recerca de L'École des Hautes Études en Sciences Sociales de Paris), l'European University Institute (Florència), i la Universitat Pompeu Fabra. La Universitat de Tel Aviv és també membre associat. Els estudiants d'aquest programa poden passar un any acadèmic en una altra institució membre.

Carrera professional

És norma del Departament no contractar els seus propis doctorands o doctors. La majoria d'ells gaudeixen d'una plaça de professor en vies de permanència als Estats Units (Princeton, Chicago, Stanford, San Diego, Duke, Yale, etc.), Europa (Humboldt, Bocconi, Nova da Lisboa, Southampton, University

etc.), Latin America (UNAM or ITAM in Mexico), Spain (Carlos III of Madrid, Autònoma of Barcelona, IESE, etc.). Some students have continued their research with post-doctoral grants at prestigious universities such as Tilburg, Oxford or Harvard.

Others have decided to take jobs in central banks (Banca d'Italia, Bank of England, Boston FED, European Central Bank, etc.), international institutions like the International Monetary Fund, the World Bank or the InterAmerican Development Bank or to join economic consulting firms such as NERA.

College London, INSEAD, Mannheim, o la London School of Economics, etc.), Amèrica Llatina (UNAM o ITAM a Mèxic), Espanya (Carlos III de Madrid, Autònoma de Barcelona, IESE, etc.). Alguns estudiants han continuat la seva recerca amb beques post-doctorals a prestigioses universitats com Tilburg, Oxford o Harvard.

Altres han decidit treballar a bancs centrals (Banca d'Italia, Bank of England, Boston FED, European Central Bank, etc.), institucions internacionals com el Fons Monetari Internacional, el Banc Mundial o el Banc Interamericà de Desenvolupament, o bé incorporar-se a empreses de consultoria econòmica com NERA.
