

# CASE OPEN DAY

28 NOVEMBER 2022

The **Barcelona Supercomputing Center (BSC)** and the Department of Computer Applications in Science and Engineering (CASE), invite you to the first **CASE Open Day**, a networking event where interested students can learn about BSC and the research being done by the CASE team, as well as meet some of the researchers to ask them questions or learn from their experiences. Attendees will also have the opportunity to visit MareNostrum 4, the most powerful supercomputer in Spain.

This event is part of one of the activities of Equity4CASE, an initiative that seeks to promote research by women.

**Bachelor and Master students.  
Limited places (max. 30 people)**

**Plaça d'Eusebi Güell, 1-3,  
08034, Barcelona (BSC)**

**28 November 2022  
02:00 - 04:30PM**

**Registration:
